SUSTAINABLE SOLUTIONS

The main building blocks of our approach to sustainability are our long-lasting products, sustainable raw materials, and our target towards carbon neutrality. We are actively increasing the share of recycled and renewable raw materials in our products, and we continuously strive to reduce the carbon footprint of our operations and products. Orthex's high-quality, safe, and durable products are made with care and timeless design. Orthex does not make single-use products. On the contrary, Orthex's products are made for long-term use and are fully recyclable in all our markets at the end of their life cycle.

SHOWING THE WAY IN SUSTAINABILITY

Orthex Group's reputation for sustainability is a vital business asset that depends on the commitment of all our people to act in accordance with our ambitious sustainability strategy. Every day through our actions, each of us is responsible for making our strategy come to life through sound judgement and firm business decisions. We have made a commitment to show the way in sustainability

in our industry and we are actively supporting the UN sustainability goals.

Orthex Group is always committed to conduct business in a sustainable and responsible manner and we are happy to help our partners and consumers to do the same through working with Orthex and by selecting Orthex Group products. Orthex's sustainability report, which

details Orthex's sustainability targets, achievements and efforts, is published annually. You can find it on our web site at www.orthexgroup.com

A LOVE FOR THE EVERYDAY

The beauty of life is in the small things. In your everyday, in the ordinary life. And this is what Orthex is all about: our mission is to bring fresh and smart insights into your everyday life. We want all our products to be well-designed, but above all we want them to be practical. Nordic design and consumer focus have been at the core of our products since 1956, when the Orthex story began.

Live the life to the fullest.
Enjoy your everyday!

Orthex offers practical and durable products for everyday life.
